

Sew Precious In His Sight

Volume 14, Issue 1

January 2012

Prayers needed

Due to a health issue I will not be able to publish a news letter for January. I am asking that you be in pray for me.

I am sharing this with you so if you don't hear from me for a while you will know what is going on. I had a biopsy done on a place on my face December 5th, the lab report came back as being melanoma. Surgery was done on December 14th, the lab report came back that the surgery did not remove all of the melanoma. Wednesday I saw an oncology at the Mary Bird Cancer Center here in Baton Rouge. The doctor ordered a CT and pet scan which was done yesterday. I will receive the results Monday at 9:45; I will see a surgeon at 1:00 to be schedule for another surgery. At this time I don't know how far the melanoma has spread. I am standing on the promise if you ask in My name it will be done. For He is the great physician and he will heal me from the top of my head to the sole of my feet.
