## Sew Precious In His Sight

Volume 122 Issue 1

April 2021

#### GOD ALWAYS HAS A PLAN

"You may ask me for anything in my name, and I will do it." John 14:14

**Mission Statement:** Our mission is to show parents the love of Christ, especially at a time when their personal pain is hard to endure, and let them know that God is faithful. Through acts of obedience and donations, His work can and will continue. We pray that this ministry will have an impact far beyond our expectations.

**Our Purpose:** Threads of Love is a sewing ministry meeting the needs of newborns and tiny premature infants.

### **EXCITING ANNOUNCEMENT**

Threads of Love has just release a song called "Stiches of Love". It can be found on our web site, click on about us, next click on "media and article" there you will find <u>click here</u>, this will take you to the song.

Don't forget to have tissue on hand. Just saying....

Some of you will remember a DVD that we had done back in 1997, which is totally out of date now. Besides who has a DVD player anymore? In January I started working on getting this updated. It is now available on a USB stick along with the song "Stitches of Love". These two items will be a great way for new chapters to kick off starting a new chapter. Also with so many of you that have not be able to meet due to the virus, this will be a good tool to recruit new people and encourage your ladies to get back to sewing. Attached is a form for ordering the USB stick

Last Newsletter there were many comments about how great the Newsletter was. Let me tell you, it wasn't me that did that. It was a story and pictures from a chapter in Panama City that has been in existence for only two years. They sent in the article for the Newsletter.

So, once again I am asking (begging) can those of you who have been in existence for a long time, some since the beginning, sent me a story, pictures, something about your chapter.

As I have said before, so now I say again (Sounds like Paul in Galatians) it is not my Newsletter, it is YOURS.

#### Please return form VIA US MAIL (no e-mail) along with payment to Sissy Davis, Director 27674 Lakeview Drive Walker, LA 70785 (225) 667-7714

Phil. 2:13 "for it is God who works in you to will and to act according to his good purpose."

When God is working in us, we may not like what we see. It may seem hard to us at the time.

I so often want God to line up with what I want to do. But God wants us to line up with His will. He is at work in you and He is working for His good purpose.

I remember a time when we would pray for our boys. We would stand out in our back-yard and cry and pray. We came to a place of saying "God, whatever it takes". That is a frightening thing to say, but it shouldn't be. We don't know what God's "whatever" is. And many times it may not be what we had in mind. We tend to want to "help" Him.

It took both of our boys being arrested to bring them back around. Is that what we wanted. Certainly not, but God was working in them to will and to act according to His good purpose.

So, if you are going through trials that you don't understand and can't figure out, stop trying to understand and figure them out. Put you trust in God and let Him work His will in your life and know it is for His good purpose.

Quote from a daily calendar I had many years ago:

"In the end you will be judged not by what you believed, planned, or dreamed—but by what you did."

And each of you are doing great things each time you take a packet to a hospital.

10 Top Reasons to Save Fabric That Is Too Small To Use:

It can be a valuable way to document your stash.

You can use it to stuff pillows and small toys.

They look so pretty in a glass jar on your book shelf.

Glue it to a file card and take it with you on vacation (you never know).

You can make 1/4 inch squares or hexagons to make a teeny tiny quilt so that everybody says "How did you do that?" (Or is it, why?)

Put it in clear plastic shapes with a bit of thread and hang it on the Christmas tree

The school is always looking for items to use for the kindergarten art classes, and to teach young children their colors

You can cut it into even smaller pieces and glue it on to a project for a lovely 3 dimensional effect

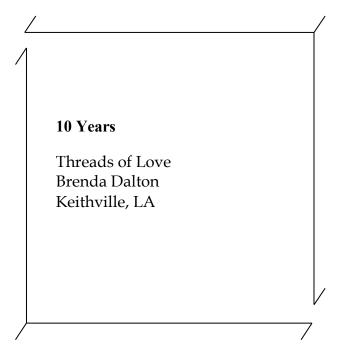

Those little wisps and threads are just right for that discerning bird to feather his nest

No. 1 As soon as you throw it away, you will find the perfect way to use it.

The family of a seamstress that had passed away found a box of small scraps in her sewing room. The box was labeled: "Scraps to small to do anything with".

WHAT IS YOUR EXCUSE/REASON?
