

Sew Precious In His Sight

Volume 122 Issue 4

January 2022

GOD ALWAYS HAS A PLAN

"You may ask me for anything in my name, and I will do it." John 14:14

Mission Statement: Our mission is to show parents the love of Christ, especially at a time when their personal pain is hard to endure, and let them know that God is faithful. Through acts of obedience and donations, His work can and will continue. We pray that this ministry will have an impact far beyond our expectations.

Our Purpose: Threads of Love is a sewing ministry meeting the needs of newborns and tiny premature infants.

ATTENTION

Sissy and her team are meeting mid February. They will be discussing if we are going to have a conference in April this year. Please watch the website and for emails concerning the 2022 Conference.

I know we are anxious to meet again. It has been 4 years. Hardly seems possible.

You will find a form for ordering the USB stick with the story of Threads of Love and the song about Threads of Love called "Stitches of Love"

Since we have been locked down, not being able to meet to sew. This USB stick is a good way to get your chapter kicked off for 2022 and recite new people.

It seems 2021 just started. We've had a lot happen in these past few years. I trust all of you have remained safe during this time.

Let's look at 2022 as a new beginning. Let's learn new things as we leave 2021 and move on.

My 2022

New Year's resolution
is to finish all my
craft projects from 2021
That I should have
Done in 2020
After I started them
In 2019 after buying the
Supplies in 2018

Q: What is the definition of a New Year's resolution?

A: Something that goes in one year and out the other.

I see no need to make any New Year's resolutions since the others I've made aren't being enforced.

Well, I've decided to make only one resolution for 2022. And, I am pretty sure I can keep it. I AM NOT GOING TO DIET AT ALL.

Please return form VIA US MAIL (no e-mail) along with payment to

During pregnancy, cells sneak across the placenta. The fetus's cells enter the mother and the mother's cells enter the baby --and stay there for life. In mothers, fetal cells often take residence in her lungs, spinal cord, skin, thyroid gland, liver, intestine, cervix, gallbladder, spleen, lymph nodes, and blood vessels. The baby's cells may also live a lifetime in Mom's heart and brain.

Also, another bereavement group posted some pictures of making memories with a mom doing footprints. I thought the pictures might give your ladies some perspec-

Would love for you ladies to share in a
Newsletter about your chapter.

Recently I finished reading a book, The Kindness Challenge. It changed me. I'm learning not to complain as much but to look for the good in everything.

Let's practice this coming year "KINDNESS". It can change you.

Encourage each other. I know we can all use encouragement from time to time. Send someone and email or call them and just let them know you are thinking about them. You don't know what they may be going through.

These are just some things that came to my mind as I sat here contemplating what to write. I hope they bring encouragement and challenge to you.
